

**NJMC Keegan Landfill**  
**Procedures for Disposal of Construction/Demolition and Bulky**  
**Wastes by Homeowners**

(Revised February 17, 2011)

These procedures specifically apply to homeowners and do not apply to contractors/haulers.

1. Homeowners are only allowed to bring in waste three times during a calendar year.
2. Homeowner waste can only be hauled in vehicles under 9,000 pounds, and either registered to the homeowner or rented. No vehicles registered to a contractor will be permitted.
3. Note that we cannot accept household (kitchen) wastes, soil, asbestos containing wastes (pipe insulation, ceiling and floor tiles, etc.), electronic wastes (televisions, computers, etc.), appliances, designated recyclables, or liquid or household hazardous wastes (paints, cleaning fluids, pesticides, etc.).
4. You will need to provide a driver's license at the scalehouse on the day you are dumping your waste. Payment can only be made by check which will be accepted when you weigh out at the scales. A copy of your driver's license will be attached to your check.
5. Contact NJMC Escrow Operations at 201-460-8161 to set up an appointment to dump your solid waste. (The NJMC offices are open between the hours of 7:00 am and 4:00 pm, Monday through Friday).
6. Waste is only accepted on Saturday's between the hours of 7:00 am and 11:00 am, no exceptions.
7. Directions to the Keegan Landfill are attached. Once on site, proceed to the scalehouse. Your vehicle will be weighed in and then you will be directed to off-load your waste near the Waste Management utility building, next to the scalehouse. Under most conditions, you will not be permitted to dump at the working area with other solid waste vehicles. Once you have cleaned out your vehicle, you will need to return to the scalehouse and weigh out on the outbound scale. Note that there will be no personnel on site to assist in off-loading your wastes.  
(Scalehouse-201-998-4020)
8. You will only be charged for the waste that you actually dump at the site, which does not include the weight of your vehicle.
