

Covanta Essex (Resource Recovery Facility)

183 Raymond Blvd

Newark, NJ 07105

DRIVING DIRECTIONS

All vehicles delivering acceptable waste to the facility and leaving the facility, which are operating in municipalities other than the City of Newark, shall utilize the following specified routes. All acceptable waste collection/transportation contracts and tariffs effective during the term of facility operation with respect to Essex County municipalities other than Newark shall contain provisions for compliance with this requirement. Specific routing (New Jersey Turnpike, US Route 1 & 9, and other Interstates) will be described on a case-by-case basis for haulers delivering acceptable waste from outside the District. The routes to be used by all vehicles departing from Essex County municipalities and traveling to the facility are specified below. All such vehicles leaving the site shall exit on the facility access roads to Raymond Boulevard eastbound, and proceed to either the New Jersey Turnpike or US Route 1 & 9:
